Some required duties may include:

- Assist clinical call centers
- Provide population specific and age-specific care for patients from young adulthood to older veterans/groups in the senior years of life

- Manage a defined but dynamic caseload of patients in collaboration with an interdisciplinary healthcare team
- Initiate, plan, implement, evaluate, and appropriately document patient care based on identified measurable outcomes in the applicable assigned patient care environment
- Initiate and lead individuals or groups through the educational process to optimize health. Monitor and document all applicable clinical reminders and performance measure outcomes timely and appropriately
- Maintain and monitor patient appointment schedules
- Type administrative notes using various automation systems and programs

In addition, Memphis VA Medical Center is reaching out to recent retirees with experience in high-need areas during our COVID-19 response:

- Dual compensation waivers can be authorized for these individuals, which allows retirees to receive annuities while receiving full compensation for employment
 - Approved waivers are not to exceed a one-year appointment

We are also seeking Nurse Practitioners (NP) and Registered Nurses (RN) to join the Travel Nurse Corps (TNC) for 120-day appointments. TNC is a VA-operated internal pool of RNs and NPs that are available for temporary short-term assignments at VA medical centers throughout the country.
